

## SUMMER READING FOR 5<sup>th</sup> GRADE

Your child has enjoyed a successful year in 4<sup>th</sup> grade and I hope will have a restful and relaxing summer. In order to make a smooth transition into the 5<sup>th</sup> grade, there are some skills I would like to have your child review over the summer months.

I ask that you and your family have a daily devotion, prayer time and read God's word together.

Please pray for the teachers your child will have next year. I will also be praying for your child as they begin a new chapter in their life.

Your child will be expected to read and write in **cursive**. Work is to be done in legible cursive. If your child needs practice over the summer, there are books that can be purchased at The School Box. We use the **Modern** or **D'Nealian** method at FLS.

Your child needs to read a **minimum of 900 pages** this summer.

Please have them record the title, author and number of pages of each book and then have a parent sign for authorization. Please bring this sheet to me the first week of school in August.

Also, please have your child review math facts and any skills they need practice on. There is a great book at The School Box called "**Summer Bridge Activities Grades 5-6**" that will keep your child on a schedule and review various skills in all subject areas.

Have a blessed summer!

*Rhonda Georgas* ☺
